

RYERSON UNIVERSITY
DEPARTMENT OF MATHEMATICS
GRAPHS AT RYERSON (G@R) SEMINAR

Dr. Ewa Infeld

Department of Mathematics, Ryerson University

Date: Monday, April 10, 2017

Time: 10am

Location: ENG 210

**The Graph Theory of On-line Anonymity
Systems and Browsing Privacy**

Abstract:

I will attempt to systematize the graph theory and network aspects of internet privacy. I will include an overview of most common designs of anonymity systems, technical challenges and the potential for graph theorists to make critical contributions to a field dominated by cryptographers. I will focus on high-level design and long-term goals.

ALL FACULTY, STAFF, STUDENTS AND GUESTS ARE WELCOME TO ATTEND
