

Grenfell Campus

Talks will be in the Arts and Sciences Building room AS2026. This room and AS2016 are available during the afternoon. Note that rooms with four digit numbers are in the Extension (the new part) and three digits are in the old part. In the Extension the room numbers on the first floor start with 2 and hence the talks are on the first floor. There are many seats and tables throughout the building which people can use for discussion.

WiFi – Eduroam is available. There is also a guest WiFi (SSID: Grenfell-WiFi, Password: Grenfell-1975)

Free parking is available in P4. See the map below. If you have been to Grenfell before, the parking lot at the back of the building that used to be free, is now permit parking only: Do not park there.
